

Dear Ivar and Ella,

We are glad to see that you are with us and we continue our mission!

Lately, we had a lot of people that needed food assistance.

The fewer children visited the Mercy Center in July because they were gone to different camps:

the Fire department, the Christian camp and the Social camp.

Despite the fact that we had to bear the costs, we could see lots of shining eyes and smiles in August again.

We are very glad to see that they come to us.

Soon is a school and there will be holidays that we would like to gift backpacks for first-graders and other necessary things for other students.

Unfortunately, not all parents can get a child ready for school, so they ask us!

We sincerely hope that we could help them!

We are glad to understand that our friends don't forget us and we feel like we are one big family.

P.S: sending photos and videos about our life 😊

Welcommen!!! ❤️ ❤️ ❤️
